

NOTICE

Workshop on Hypothesis Testing for Postgraduate Students

The **Research and Development Cell**, in collaboration with the **Voluntary Research Club**, is organizing a specialized **Workshop on Hypothesis Testing** for postgraduate students. The workshop aims to provide a clear understanding of the concept, importance, and methods of hypothesis testing in academic research. It will help students learn how to formulate research hypotheses, select appropriate statistical tests, and interpret results effectively.

The session will be beneficial for students who are preparing research projects, dissertations, or planning to pursue research in their respective fields.

Date: 18th March 2026

Time: 10:00 am to 12:00 noon

Venue: Room No. 8 (Commerce Block)

All interested postgraduate students are encouraged to attend the workshop and enhance their research and analytical skills.

Vandana,

Research & Development Cell

Sharma
